

Yate & Chipping Sodbury routes 1 and 2

- 1

 - Ambition to provide segregated cycle path on western side of carriageway.
 - Re-design junctions to improve pedestrian and cycle safety.
- 2 and 3

 - Ambition to provide segregated cycle path on one side of carriageway.
 - Re-design junctions to improve pedestrian and cycle safety.
- 4

 - Ambition to provide segregated cycle path on one or both sides of carriageway.
 - Re-design junctions to improve pedestrian and cycle safety.
 - Lack of available width likely to mean this is only achievable by reducing carriageway width and/or reclassification of road to reduce usage.

Improvements subject to: detailed analysis of consultation responses; further design and technical work; scheme/route specific consultation; and funding requirements. All route and zone development will include engagement with local communities to develop adjacent Low Traffic

Neighbourhood zones to improve walking and cycling connections within local neighbourhood areas and improve orbital linkages to nearby amenities and other arterial routes.
Interventions including: introducing, realigning or upgrading dropped kerbs and/or tactile paving; and cutting back

vegetation to improve visibility, lighting or increase footway or cycle route width will be considered as standard in the design of all schemes.
All schemes will be designed in line with the DfT's Local transport note 1/20.

- 5 and 6

 - Remove segregation of pedestrians and cyclists to comply with current guidance.
 - Resurface existing path where needed.
- 7

 - Ambition to provide segregated cycle path along north side of carriageway.
 - Redesign critical side junctions with priority to cyclists.
