Dear Stella

South Gloucestershire Councils Tranche 2A Highway Maintenance Challenge Fund Bid

This is to confirm the support of Bath & North East Somerset Council in the above bid with respect to the package of resilience measures across 9 high priority locations to improve the ability of the highway infrastructure to cope with extreme weather.

As a neighbouring Authority with Highway and Lead Local Flood responsibilities we will be most interested in the outcome of your bid and how the measures proposed may help ourselves with similar locations across our own network in the future.

Yours sincerely

Craig Jackson
Highway Maintenance & Drainage Manager
