Dear Mr Pryor

DfT National Productivity Investment Fund – Temple Quarter Enterprise Zone East Access

Please accept this letter as an expression of our full support for the above-named scheme on behalf of First West of England Ltd.

We are the principal operator of local bus services in Bristol and have many services that operate through the Temple Meads area of Bristol. We have some 1800 staff in the West of England and 600 buses. We are part of FirstGroup plc, which also owns Great Western Railway.

We believe that easing congestion and providing high quality sustainable transport infrastructure in the Temple Quarter Enterprise Zone is key to ensuring the area remains an attractive place to do business. This scheme will complement the existing investment already being made and help to make the zone a truly world-class city quarter.

First West of England Ltd hopes that funding will be made available by the DfT to allow this scheme to come forward.

Yours sincerely

James Freeman

Managing Director
